CIGAR BANDS

100% HANDMADE CIGARS

Every PAYNE-MASON cigar is 100% handmade. Never machine made and never mass produced. Our tobaccos are carefully aged between three and eight years, allowing each leaf to develop depth, balance, and character before it ever reaches the rolling table.

Each cigar is crafted by a Master Roller, shaped by hand, and rested in traditional wood molds to ensure proper form, draw, and consistency before the final wrapper is applied.

This is not manufacturing. It is craftsmanship. A true art form built on patience, tradition, and respect for the process.

CIGAR BANDS

Our authentic cigar bands are die-cut from quality paper, printed with premium ink, and finished with a clean gloss. You can choose from our classic styles or create a custom design that matches your brand – either way, the band adds a refined, thoughtful detail to every cigar.
