WHAT WE DO

We create on-site cigar experiences designed for weddings, corporate events, golf tournaments, and private celebrations.

Our live cigar rolling presentations give guests the opportunity to watch the craft in real time and enjoy a freshly made cigar, cut and finished on site by a Cuban Master Roller, while our concierges provide clear, approachable cigar education.

Every experience is carefully managed and thoughtfully presented to fit the pace of the event, adding atmosphere, natural conversation, and a lasting impression for your guests.

WHO WE ARE

PAYNE-MASON is a family-owned boutique cigar company based in San Diego, California, with over 23 years of experience rooted in Cuban cigar tradition.

Our cigars are 100% handmade by Cuban Master Rollers using time-honored techniques, rare aged long-leaf tobaccos, and a commitment to craftsmanship that has remained unchanged for generations.

We work exclusively with premium venues, resorts, golf clubs, and private clients who value authenticity, quality, and refined presentation.

WHY CUBAN MASTER ROLLERS

At PAYNE-MASON, we work exclusively with Cuban Master Cigar Rollers, craftsmen who bring the highest level of skill, tradition, and understanding to the craft.

The title of Cuban Master is earned through 15 to 20 years or more of dedication, building deep knowledge of tobacco, technique, and the traditions that define true cigar artistry.

When guests experience a master at work, they are not simply watching cigars being rolled. They are witnessing a level of craftsmanship that elevates every moment.

100% HANDMADE CIGARS

Every PAYNE-MASON cigar is 100% handmade. Never machine made and never mass produced. Our tobaccos are carefully aged between three and eight years, allowing each leaf to develop depth, balance, and character before it ever reaches the rolling table.

Each cigar is crafted by a Master Roller, shaped by hand, and rested in traditional wood molds to ensure proper form, draw, and consistency before the final wrapper is applied.

This is not manufacturing. It is craftsmanship. A true art form built on patience, tradition, and respect for the process.
